

Chairman's Report to the Annual General Meeting 19th July 2017

SeniorNet Kapiti continues to enjoy strong support from over 350 members. The Executive Committee maintains the professional management of the Key Strategic Areas of Focus for the organization and the 30 Tutors and Assistant Tutors ensure the delivery of well-organised and presented programmes.

Highlights over the past year have included

- The increase in the number of Workshops on topical subjects such as Google, Scams, Digital Photography, Spreadsheets, Downloading Music
- The continuing strong support for the five session Courses, Managing of Data and the Managing of Photos
- The How do I sessions provide a one on one opportunity for members to solve their specific problems and the monthly Q&A sessions always provide something new to learn about
- Most members are now operating on Windows 10
- Increasing awareness and use of the Cloud
- A greater emphasis on the need for increased Health and Safety measures at the Learning Centre
- The installation of a more powerful data projector has enabled presentations with 'the lights on'
- Promotion of the Open Days has ensured a continuing flow of new members
- The decision to reintroduce the status of Honorary Membership to long serving Members

All Members learn something new every time they come to a SeniorNet course or Workshop at the Learning Centre and the social interaction each time is stimulating and enjoyable. We are a great organization. My sincere thanks to everyone for another successful year.

Brian Milne, Chairman, July 2017
