## Lest we forget – ANZAC Day

April 25th marks the first major military action fought by the Australian and New Zealand forces during World War 1, at Gallipoli. New Zealand and Australia mark the anniversary each year, remembering not only those who died at Gallipoli, but all who have served their country in times of war.

*Kia ora tātou katoa. Translation: May we all be safe.*

As we join to remember ANZAC day and all those from both sides who lost their lives. We will remember them.
