From the Chair

Hello everyone,

Notes from the Chair

We congratulate Sue Connor on her appointment, as the Federation's Regional Rep for the Lower North Island, and a member of the Committee of the SeniorNet Federation.

The Term 4 Timetable will be published in a few weeks' time, watch our website for this.

Our members Open Day proved to be popular with members who attended. The Committee moved a vote of thanks to Barry, Val, Veronica and Cathrine for their contributions to this success.

We have almost run out of our trifold leaflet. This has given us an opportunity to review its content and update to reflect changes in technology and the expectations of our members. The new trifold should be available, at the Learning Centre next term.

Our aging overhead projector is hanging on pending a replacement. We are hoping to have funding in place towards the end of the year, watch this space.

We are reviewing the structure and content of our web site with an expectation that there will be a major update sometime next year. Your feedback on what you would like to see on our web site is welcome.
